

Do They Know its Christmas Time? Foodbank

It's Christmas time,
Nobody should feel alone,
At Christmas time
Donations shared with gives us hope
And in our city of struggle,
We can spread a smile of cheer,
Hold your arms out to your neighbours at Christmas time

But say a prayer,
Pray for the families here,

At Christmas time it's tough,
When bills fill you with fear.
There's a world outside your own home,
And it's a world of worry too,
When the car breaks down, or illness
Comes crashing down on you.

And the Christmas bells are sounding
But the cupboards stand so bare,
Let's be a light around them — to show we care.

And hunger's close to home this Christmas time
The greatest gift we can give is peace of mind.
When wages just don't grow,
and the heating's running low,
Do they know there's help for one and all?

Here's to you,
Spare a thought for everyone,
Here's to them
Trying hard when life's no fun
Do they know there's help for one and all? Oh...

Feed our City,
Feed our City,
Feed our City,
Let them know its Christmas time again.

Let them know its Christmas time.
