### WHAT'S A JUMBLE TRAIL?

A jumble trail is a community-wide version of a car boot sale, but instead of everyone getting up at the crack of dawn and gathering in one place, residents set up stalls outside their own homes.

Visitors then follow a mapped route "the trail" to wander from house to house, discovering your:

- Pre-loved items
- Crafts or homemade goods
- Plants, books, toys, clothes
- Small fundraising stalls
- Refreshments or mini-activities
